NCERT Class VI Science Solutions: Chapter 16-Garbage in, Garbage out Part 2

Glide to success with Doorsteptutor material for CBSE : [fully solved questions with step-by-step explanation](#)- practice your way to success.

Question 3:

1. What do you do with the leftover food at home?
2. If you and your friends are given the choice of eating in a plastic plate or a banana leaf platter at a party, which one would you prefer and why?

Answer:

1. We use to feed animals (roaming on the road or in street) with leftover food.

1. Banana leaf is a better choice. It is bio-degradable and can be disposed easily. On the other hand, eating in plastic plate is not good as plastic is non-biodegradable; it will not dispose-off easily.

Bio-degradable

Non-biodegradable

Question 4:

1. Collect pieces of different kinds of paper. Find out which of these can be recycled.
2. With the help of a lens look at the pieces of paper you collected for the above question. Do you see any difference in the material of recycled paper and a new sheet of paper?

Answer:

1. Most of the papers available in market are recyclable i.e. newspapers, notebook, magazines, paper sheets, envelopes etc.
